**NOTICE OF AWARD**

DEC 27 2023

---

**SCIGATE TECHNOLOGY CORP.**

Unit 1C A & L Bldg., 126 N. Domingo Street,  
 Pedro Cruz, San Juan City, Metro Manila

Sir/Madam:

This is to advise you that your bid dated October 10, 2023 for **PR-23-02-119**; Public Bidding Procurement of Supply and Delivery of **SUPPLY AND DELIVERY VARIOUS LABORATORY EQUIPMENT FOR THE COLLEGE OF NURSING** of the University, with a following Contract Price is hereby accepted;

Object of Bidding	Total Amount in Figures	Amount in Words
<p><b>1.) One (1) LOT of Adult Manikin with Electronic Tablet/PC and Software for Nursing Clinical Skills</b></p> <p><i>Specifications:</i>            ? Full-body adult patient simulator            ? Medium or light brown skin tone            ? Gender can be converted from male to female and vice versa with interchangeable chest pads and genitalia            ? Human-like articulation of joints with full range of motion            ? Visible bilateral chest rise and fall            ? Palpable carotid and radial pulses            ? Able to simulate at least 10 programmable medical conditions            ? Manikin's examination findings can be monitored and controlled wirelessly through a touchscreen handheld tablet/monitor and software</p>	<p>Php 1,900,000.00</p>	<p>One Million Nine Hundred Thousand Pesos</p>

<p>? Tablet/monitor with installed software application</p> <p>? Nursing skills that can be simulated:</p> <p>? Nasopharyngeal and oropharyngeal airway placement</p> <p>? Endotracheal intubation and suctioning with fluids</p> <p>? Tracheostomy tube placement and suctioning with fluids</p> <p>? Nasogastric tube insertion</p> <p>? Blood pressure measurement via by auscultation and palpation</p> <p>? Intramuscular injection on multiple sites (deltoid, vastus lateralis, ventrogluteal, and dorsogluteal sites)</p> <p>? Intravenous cannula insertion on antecubital and dorsal surfaces of the hand</p> <p>? Colostomy and ileostomy care and irrigation</p> <p>? Rectum enema administration</p> <p>? Male and female urinary catheterization</p> <p>? Manikin should be powered by internal rechargeable lithium battery with runtime of at least 4 hours</p> <p>? Accessories must include chargers and batteries of both manikin and tablet/monitor, user manual/s, replaceable/spare parts, with transport and storage container, and consumables, if any</p> <p>? With Training and after sales service</p> <p>Offer:</p> <p><b>Brand: Gaumard</b></p> <p><b>Model: SUSIE S901 with OMNI 2</b></p> <p>Features: - Full-body adult patient; - Tetherless and Wireless ; Fully responsive during transport</p> <ul style="list-style-type: none"> <li>- Realistic joint articulation</li> <li>- Converts to geriatric patient with optional appearance accessory</li> </ul>		
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

<ul style="list-style-type: none"> <li>- Compatible with optional virtual patient monitor</li> <li>- Internal rechargeable battery; up to 4 hrs. battery life</li> <li>- OMNI 2 ready with IO Nursing SLE's &amp; Facilitator Guide</li> <li>Neurologic: Preprogrammed speech responses; - Wireless streaming voice</li> <li>- Normal, miosis (constricted), and mydriasis (blown) pupil states</li> <li>- Independent left/right pupil states simulate consensual and non consensual response; - Programmable blink rate</li> <li>Airway: - Oral and nasal endotracheal intubation and suctioning</li> <li>-Sensors detect depth of intubation; - Tracheostomy care</li> <li>- Selectable Airways sounds</li> <li>Gastrointestinal: - NG/OG intubation and feeding</li> <li>- Programmable bowel sounds</li> <li>- Patent stoma sites support colostomy and ileostomy care</li> <li>- Rectum supports enemas; - Male Female catheterization</li> <li>Breathing: - Visible bilateral chest rise with BVM ventilation</li> <li>- Ventilations are measured and logged</li> <li>- Normal and abnormal lung sounds</li> <li>Cardiac/Circulation: - Normal and abnormal heart sounds, rates and intensifies; - Monitor, capture, pace, and cardiovert using a real defibrillator</li> <li>GYN and Breast Exam: - Supports basic GYN Exam</li> <li>- Supports advanced breast examination</li> <li>Package includes: <ul style="list-style-type: none"> <li>- Tetherless Adult Patient Simulator</li> <li>- OMNI 2 Wireless Control Interface</li> <li>- Ten (10) Nursing Simulation Learning Experiences scenario package</li> <li>- Male Chest Skin with ECG Patches or Snaps</li> <li>- <b>Programmable Blinking Eyes &amp; Chest Rise</b></li> </ul> </li> </ul>		
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

<p><b>4.) One (1) unit of Pediatric Manikin with Electronic Tablet/PC and Software for Nursing Clinical Skills</b></p> <p>Specifications:</p> <ul style="list-style-type: none"> <li>? Manikin resembles full body of a male or female child aged 5-7 years old</li> <li>? Medium or light brown skin tone</li> <li>? Human-like articulation of joints with full range of motion such as in the neck joint, jaws, elbows, and knees</li> <li>? Complete set of teeth and a tongue within oral cavity</li> <li>? Limbs with complete fingers and toes</li> <li>? Visible chest rise</li> <li>? Palpable Carotid, Radial, and Brachial arterial pulses</li> <li>? Manikin can be monitored through compatible Tablet/PC and Software</li> <li>? Nursing skills that can be simulated:</li> <li>? Nasopharyngeal and oropharyngeal airway placement</li> <li>? Endotracheal intubation and suctioning with fluids</li> <li>? Nasogastric tube insertion</li> <li>? Intravenous and intramuscular injection</li> <li>? Urinary catheterization</li> <li>? Administration of suppository</li> <li>? Manikin and tablet powered by internal rechargeable lithium battery</li> <li>? Accessories must include chargers of both manikin and tablet/monitor, user manual/s, replaceable/spare parts, and transport container</li> <li>? with training and after sales services</li> </ul> <p>Offer:</p> <p><b>Brand: Gaumard</b> <b>Model: S157.250</b></p> <p>Features:</p> <ul style="list-style-type: none"> <li>- Full-body with soft, lifelike face skin and molded hair</li> </ul>	<p>Php</p>	<p>430,000.00</p>	<p>Four Hundred Thirty Thousand Pesos</p>
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------	-------------------	-------------------------------------------

<ul style="list-style-type: none"> <li>- Eyes can be closed or opened manually</li> <li>- Head Tilt/chin lift</li> <li>- Endotracheal intubation</li> <li>- Nasogastric Intubation</li> <li>- Tongue, teeth, and realistic airway</li> <li>- Intraosseous infusion</li> <li>- IV training arm</li> <li>- Femoral vein</li> <li>- Manual palpable pulses: carotid, femoral, brachial</li> <li>- Stomas for ileostomy, colostomy, and suprapubic exercises</li> <li>- Interchangeable genitalia; - Male and Female Catheterization</li> <li>- BVM with realistic chest rise; - CPR landmarks</li> <li>- Chest compressions and ventilations are measured and logged</li> <li>- Tracheostomy care; - Lavage/gavage, - G-tube placement</li> <li>- Enema administration; - Placement of Rectal suppositories</li> <li>- Intramuscular injection sites; - Simulated ear canal</li> <li>- Practice gastric suctioning exercises</li> <li>- Articulating head, jaw, arm and legs</li> <li>- Detachable at waist for easy storage</li> </ul>		
<p><b>7.) One (1) unit of Infant Cardiopulmonary Resuscitation (CPR) Training Manikin with Electronic Tablet/PC and Software</b></p> <p><i>Specifications:</i></p> <ul style="list-style-type: none"> <li>? Manikin must resemble the full body of a male/female infant at most 9 months old</li> <li>? Medium or light brown skin tone</li> <li>? Human-like articulation of neck joint and jaw allowing posterior head tilt</li> <li>? Oral cavity with tongue</li> <li>? Chest is compressible, allows recoil, and with visible chest rise upon ventilation</li> <li>? Limbs with complete fingers and toes</li> <li>? Palpable pulses at the brachial artery</li> <li>? Skills that can be simulated:</li> </ul>	<p>Php 370,000.00</p>	<p>Three Hundred Seventy Thousand Pesos</p>

<p>? Mouth-to-mouth ventilation  ? Oropharyngeal airway placement  ? Chest compressions  ? Intraosseous infusion  ? Human like Skin Texture  Tablet/PC and software allows monitoring of CPR quality in terms of:  ? Chest compression count/rate  ? Chest compression depth  ? Ventilation volume  ? Tablet/PC and software able to store training data  ? Manikin and/or tablet powered by internal rechargeable lithium battery  ? Unit must include manikin, tablet/PC, software, chargers and batteries of both manikin and tablet/monitor, user manual/s, replaceable/spare parts, and transport container</p> <p>Offer:  <b>Gaumard Multi-purpose Newborn S107.250 - Newborn Care and CPR Skills Trainer with OMNI 2</b></p> <p>Features:</p> <ul style="list-style-type: none"> <li>- Full body, Full-term infant</li> <li>- Built in OMNI 2 wireless connectivity</li> <li>- OMNI 2 - Wireless tablet interface</li> <li>- Realistic airway with tongue, vocal cords, trachea, and esophagus for airway management exercises</li> <li>- Support oral or nasal intubation plus suctioning using standard devices</li> <li>- Realistic bilateral lung expansion with bag valve mask ventilation</li> <li>- Supports gastrostomy tube placement</li> <li>- Supports enema placement</li> <li>- Intravenous (IV) access on right arm and lower left leg support infusion and bolus injections</li> <li>- Palpable pulses; right brachial, radial, femoral, popliteal and umbilical (manual bulb)</li> <li>- Practice umbilical catheterization and infusion</li> </ul>		
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

<ul style="list-style-type: none"> <li>- Simulate Neo-Natal CPR with either two-thumb "encircling" technique or two-finger alternate</li> <li>- Sculpted stomas of a transverse colostomy, ileostomy, and suprapubic stoma</li> <li>Support urinary catheterization</li> <li>- Supports intraosseous access and infusion</li> <li>- Articulating head, arms, legs</li> </ul> <p>Package Content: Omni 2 Wireless Tablet; Disposable Airways with instruction manual &amp; carrying bag.</p>		
<b>TOTAL CONTRACT PRICE</b>	<b>Php 2,700,000.00</b>	<b>Two Million Seven Hundred Thousand Pesos Only</b>

You are hereby required to provide, within ten (10) days from receipt hereof, the Performance Security/ Performance Bond equivalent to the following;

Form of Performance Security	Amount of Performance Security (Equal to Percentage of the Total Contract Price)
a) Cash or cashier's/manager's check issued by a Universal or Commercial Bank.	Five percent (5%)
