**REPAIR AND RENOVATION OF
RESEARCH EXTENSION SERVICES
AND EXTERNAL LINKAGES
BUILDING (RESEL) (REBID)**

(ABC: Php 1,799,039.62)

*PhilGeps Reference No: 11212729
PR 24-09-410 INF*

**Sixth Edition
July 2020**

Preface

These Philippine Bidding Documents (PBDs) for the procurement of Infrastructure Projects (hereinafter referred to also as the “Works”) through Competitive Bidding have been prepared by the Government of the Philippines for use by all branches, agencies, departments, bureaus, offices, or instrumentalities of the government, including government-owned and/or -controlled corporations, government financial institutions, state universities and colleges, local government units, and autonomous regional government. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.

The PBDs are intended as a model for admeasurements (unit prices or unit rates in a bill of quantities) types of contract, which are the most common in Works contracting.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract; (ii) the eligibility requirements of Bidders; (iii) the expected contract duration; and (iv) the obligations, duties, and/or functions of the winning Bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Works to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Infrastructure Projects. However, they should be adapted as necessary to the circumstances of the particular Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, BDS, General Conditions of Contract, Special Conditions of Contract, Specifications, Drawings, and Bill of Quantities are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.
- d. The cover should be modified as required to identify the Bidding Documents as to the names of the Project, Contract, and Procuring Entity, in addition to date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.

- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

Glossary of Terms, Abbreviations, and Acronyms

ABC – Approved Budget for the Contract.

ARCC – Allowable Range of Contract Cost.

BAC – Bids and Awards Committee.

Bid – A signed offer or proposal to undertake a contract submitted by a bidder in response to and in consonance with the requirements of the bidding documents. Also referred to as *Proposal* and *Tender*. (2016 revised IRR, Section 5[c])

Bidder – Refers to a contractor, manufacturer, supplier, distributor and/or consultant who submits a bid in response to the requirements of the Bidding Documents. (2016 revised IRR, Section 5[d])

Bidding Documents – The documents issued by the Procuring Entity as the bases for bids, furnishing all information necessary for a prospective bidder to prepare a bid for the Goods, Infrastructure Projects, and/or Consulting Services required by the Procuring Entity. (2016 revised IRR, Section 5[e])

BIR – Bureau of Internal Revenue.

BSP – Bangko Sentral ng Pilipinas.

CDA – Cooperative Development Authority.

Consulting Services – Refer to services for Infrastructure Projects and other types of projects or activities of the GOP requiring adequate external technical and professional expertise that are beyond the capability and/or capacity of the GOP to undertake such as, but not limited to: (i) advisory and review services; (ii) pre-investment or feasibility studies; (iii) design; (iv) construction supervision; (v) management and related services; and (vi) other technical services or special studies. (2016 revised IRR, Section 5[i])

Contract – Refers to the agreement entered into between the Procuring Entity and the Supplier or Manufacturer or Distributor or Service Provider for procurement of Goods and Services; Contractor for Procurement of Infrastructure Projects; or Consultant or Consulting Firm for Procurement of Consulting Services; as the case may be, as recorded in the Contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

Contractor – is a natural or juridical entity whose proposal was accepted by the Procuring Entity and to whom the Contract to execute the Work was awarded. Contractor as used in these Bidding Documents may likewise refer to a supplier, distributor, manufacturer, or consultant.

CPI – Consumer Price Index.

DOLE – Department of Labor and Employment.

DTI – Department of Trade and Industry.

Foreign-funded Procurement or Foreign-Assisted Project – Refers to procurement whose funding source is from a foreign government, foreign or international financing institution as specified in the Treaty or International or Executive Agreement. (2016 revised IRR, Section 5[b]).

GFI – Government Financial Institution.

GOCC – Government-owned and/or –controlled corporation.

Goods – Refer to all items, supplies, materials and general support services, except Consulting Services and Infrastructure Projects, which may be needed in the transaction of public businesses or in the pursuit of any government undertaking, project or activity, whether in the nature of equipment, furniture, stationery, materials for construction, or personal property of any kind, including non-personal or contractual services such as the repair and maintenance of equipment and furniture, as well as trucking, hauling, janitorial, security, and related or analogous services, as well as procurement of materials and supplies provided by the Procuring Entity for such services. The term “related” or “analogous services” shall include, but is not limited to, lease or purchase of office space, media advertisements, health maintenance services, and other services essential to the operation of the Procuring Entity. (2016 revised IRR, Section 5[r])

GOP – Government of the Philippines.

Infrastructure Projects – Include the construction, improvement, rehabilitation, demolition, repair, restoration or maintenance of roads and bridges, railways, airports, seaports, communication facilities, civil works components of information technology projects, irrigation, flood control and drainage, water supply, sanitation, sewerage and solid waste management systems, shore protection, energy/power and electrification facilities, national buildings, school buildings, hospital buildings, and other related construction projects of the government. Also referred to as *civil works or works*. (2016 revised IRR, Section 5[u])

LGUs – Local Government Units.

NFCC – Net Financial Contracting Capacity.

NGA – National Government Agency.

PCAB – Philippine Contractors Accreditation Board.

PhilGEPS - Philippine Government Electronic Procurement System.

Procurement Project – refers to a specific or identified procurement covering goods, infrastructure project or consulting services. A Procurement Project shall be described, detailed, and scheduled in the Project Procurement Management Plan prepared by the agency which shall be consolidated in the procuring entity's Annual Procurement Plan. (GPPB Circular No. 06-2019 dated 17 July 2019)

PSA – Philippine Statistics Authority.

SEC – Securities and Exchange Commission.

SLCC – Single Largest Completed Contract.

UN – United Nations.

Section I. Invitation to Bid

Notes on the Invitation to Bid

The Invitation to Bid (IB) provides information that enables potential Bidders to decide whether to participate in the procurement at hand. The IB shall be posted in accordance with Section 21.2 of the 2016 revised IRR of RA No. 9184.

Apart from the essential items listed in the Bidding Documents, the IB should also indicate the following:

- a. The date of availability of the Bidding Documents, which shall be from the time the IB is first advertised/posted until the deadline for the submission and receipt of bids;
- b. The place where the Bidding Documents may be acquired or the website where it may be downloaded;
- c. The deadline for the submission and receipt of bids; and
- d. Any important bid evaluation criteria.

The IB should be incorporated into the Bidding Documents. The information contained in the IB must conform to the Bidding Documents and in particular to the relevant information in the Bid Data Sheet.

Invitation to Bid for *PR 24-09-410 INF Repair and Renovation of Research Extension Services and External Linkages Building (RESEL) (REBID)*

1. The *Western Mindanao State University*, through the *STF 2024* intends to apply the sum of *One Million Seven Hundred Ninety-Nine Thousand Thirty-Nine Pesos & Sixty - Two Centavos (Php 1,799,039.62)* being the Approved Budget for the Contract (ABC) to payments under the contract for *Repair and Renovation of Research Extension Services and External Linkages Building (RESEL) (REBID)*. Bids received in excess of the ABC shall be automatically rejected at bid opening.
2. The *Western Mindanao State University* now invites bids for the above Procurement Project. Completion of the Works is required *Ninety (90) Calendar Days*. Bidders should have completed a contract similar to the Project. The description of an eligible bidder is contained in the Bidding Documents, particularly, in Section II (Instructions to Bidders).
3. Bidding will be conducted through open competitive bidding procedures using non-discretionary “*pass/fail*” criterion as specified in the 2016 revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9184.
4. Interested bidders may obtain further information from *Western Mindanao State University* and inspect the Bidding Documents at the address given below from *8:00 AM to 5:00 PM Monday to Friday*.
5. A complete set of Bidding Documents may be acquired by interested bidders on *September 6 – September 30, 2024* from given address and website/s below and upon payment of the applicable fee for the Bidding Documents, pursuant to the latest Guidelines issued by the GPPB, in the amount of *Five Thousand (5,000.00) Pesos*.
6. The *Western Mindanao State University* will hold a Pre-Bid Conference¹ on *September 16, 2024 1:30 PM* at *BAC Conference Office, Ground Floor Executive Building, Western Mindanao State University, Baliwasan, Zamboanga City*, which shall be open to prospective bidders.
7. Bids must be duly received by the BAC Secretariat through manual submission at the office address as indicated below on or before *1:00 PM September 30, 2024*. Late bids shall not be accepted.
8. All bids must be accompanied by a bid security of at least two percent (2%) of the Approved Budget for the Contract (ABC) in the form of Cash, Cashier’s Check or Manager’s Check, or Bid Securing Declaration. Bids without Bid Security will not be considered.
9. Bid opening shall be on *September 30, 2024, 1:00 PM* at the given address below *BAC Conference Office, Ground Floor Executive Building, Western Mindanao State*

¹ May be deleted in case the ABC is less than One Million Pesos (PhP1,000,000) where the Procuring Entity may not hold a pre-bid conference.

University, Baliwasan, Zamboanga City. Bids will be opened in the presence of the bidders' representatives who choose to attend the activity.

10. The **Western Mindanao State University** reserves the right to reject any and all bids, declare a failure of bidding, or not award the contract at any time prior to contract award in accordance with Sections 35.6 and 41 of the 2016 revised Implementing Rules and Regulations (IRR) of RA No. 9184, without thereby incurring any liability to the affected bidder or bidders.
11. For further information, please refer to:

Section II. Instructions to Bidders

Notes on the Instructions to Bidders

This Section on the Instruction to Bidders (ITB) provides the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Procuring Entity. It also provides information on bid submission, eligibility check, opening and evaluation of bids, post-qualification, and on the award of contract.

1. Scope of Bid

The Procuring Entity, *Western Mindanao State University* Invites Bids for the ***PR 24-09-410 INF Repair and Renovation of Research Extension Services and External Linkages Building (RESEL) (REBID)***.

The Procurement Project (referred to herein as “Project”) is for the construction of Works, as described in Section VI (Specifications).

2. Funding Information

2.1. The GOP through the source of funding as indicated below for ***STF 2024*** in the amount of ***One Million Seven Hundred Ninety-Nine Thousand Thirty-Nine Pesos & Sixty - Two Centavos (Php 1,799,039.62)***.

2.2. The source of funding is:

Special Trust Fund

3. Bidding Requirements

The Bidding for the Project shall be governed by all the provisions of RA No. 9184 and its 2016 revised IRR, including its Generic Procurement Manual and associated policies, rules and regulations as the primary source thereof, while the herein clauses shall serve as the secondary source thereof.

Any amendments made to the IRR and other GPPB issuances shall be applicable only to the ongoing posting, advertisement, or invitation to bid by the BAC through the issuance of a supplemental or bid bulletin.

The Bidder, by the act of submitting its Bid, shall be deemed to have inspected the site, determined the general characteristics of the contracted Works and the conditions for this Project, such as the location and the nature of the work; (b) climatic conditions; (c) transportation facilities; (c) nature and condition of the terrain, geological conditions at the site communication facilities, requirements, location and availability of construction aggregates and other materials, labor, water, electric power and access roads; and (d) other factors that may affect the cost, duration and execution or implementation of the contract, project, or work and examine all instructions, forms, terms, and project requirements in the Bidding Documents.

4. Corrupt, Fraudulent, Collusive, Coercive, and Obstructive Practices

The Procuring Entity, as well as the Bidders and Contractors, shall observe the highest standard of ethics during the procurement and execution of the contract. They or through an agent shall not engage in corrupt, fraudulent, collusive, coercive, and obstructive practices defined under Annex “I” of the 2016 revised IRR of RA No. 9184 or other integrity violations in competing for the Project.

5. Eligible Bidders

5.1. Only Bids of Bidders found to be legally, technically, and financially capable will be evaluated.

- 5.2. The Bidder must have an experience of having completed a Single Largest Completed Contract (SLCC) that is similar to this Project, equivalent to at least fifty percent (50%) of the ABC adjusted, if necessary, by the Bidder to current prices using the PSA's CPI, except under conditions provided for in Section 23.4.2.4 of the 2016 revised IRR of RA No. 9184.

A contract is considered to be "similar" to the contract to be bid if it has the major categories of work stated in the **BDS**.

- 5.3. For Foreign-funded Procurement, the Procuring Entity and the foreign government/foreign or international financing institution may agree on another track record requirement, as specified in the Bidding Document prepared for this purpose.
- 5.4. The Bidders shall comply with the eligibility criteria under Section 23.4.2 of the 2016 IRR of RA No. 9184.

6. Origin of Associated Goods

There is no restriction on the origin of Goods other than those prohibited by a decision of the UN Security Council taken under Chapter VII of the Charter of the UN.

7. Subcontracts

- 7.1. The Bidder may subcontract portions of the Project to the extent allowed by the Procuring Entity as stated herein, but in no case more than fifty percent (50%) of the Project.

The Procuring Entity has prescribed that:

- a. Subcontracting is not allowed.

8. Pre-Bid Conference

The Procuring Entity will hold a pre-bid conference for this Project on the specified date and time and either at its physical address *September 16, 2024 1:30 PM at BAC Conference Office, Ground Floor Executive Building, Western Mindanao State University, Zamboanga City* and/or through videoconferencing/webcasting} as indicated in paragraph 6 of the **IB**.

1. Clarification and Amendment of Bidding Documents

Prospective bidders may request for clarification on and/or interpretation of any part of the Bidding Documents. Such requests must be in writing and received by the Procuring Entity, either at its given address or through electronic mail indicated in the **IB**, at least ten (10) calendar days before the deadline set for the submission and receipt of Bids.

2. Documents Comprising the Bid: Eligibility and Technical Components

- 10.1. The first envelope shall contain the eligibility and technical documents of the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.
- 10.2. If the eligibility requirements or statements, the bids, and all other documents for submission to the BAC are in foreign language other than English, it must

be accompanied by a translation in English, which shall be authenticated by the appropriate Philippine foreign service establishment, post, or the equivalent office having jurisdiction over the foreign bidder's affairs in the Philippines. For Contracting Parties to the Apostille Convention, only the translated documents shall be authenticated through an apostille pursuant to GPPB Resolution No. 13-2019 dated 23 May 2019. The English translation shall govern, for purposes of interpretation of the bid.

- 10.3. A valid special PCAB License in case of Joint Ventures, and registration for the type and cost of the contract for this Project. Any additional type of Contractor license or permit shall be indicated in the **BDS**.
- 10.4. A List of Contractor's key personnel (e.g., Project Manager, Project Engineers, Materials Engineers, and Foremen) assigned to the contract to be bid, with their complete qualification and experience data shall be provided. These key personnel must meet the required minimum years of experience set in the **BDS**.
- 10.5. A List of Contractor's major equipment units, which are owned, leased, and/or under purchase agreements, supported by proof of ownership, certification of availability of equipment from the equipment lessor/vendor for the duration of the project, as the case may be, must meet the minimum requirements for the contract set in the **BDS**.

3. Documents Comprising the Bid: Financial Component

- 11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section IX. Checklist of Technical and Financial Documents**.
- 11.2. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.
- 11.3. For Foreign-funded procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

4. Alternative Bids

Bidders shall submit offers that comply with the requirements of the Bidding Documents, including the basic technical design as indicated in the drawings and specifications. Unless there is a value engineering clause in the **BDS**, alternative Bids shall not be accepted.

5. Bid Prices

All bid prices for the given scope of work in the Project as awarded shall be considered as fixed prices, and therefore not subject to price escalation during contract implementation, except under extraordinary circumstances as determined by the NEDA and approved by the GPPB pursuant to the revised Guidelines for Contract Price Escalation guidelines.

6. Bid and Payment Currencies

14.1. Bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

14.2. *Payment of the contract price shall be made in:*

a. Philippine Pesos.

7. Bid Security

15.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

15.2. The Bid and bid security shall be valid until *at least 120 calendar days from the Opening of Bids*. Any bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

8. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission to the given website or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

9. Deadline for Submission of Bids

The Bidders shall submit on or before *September 30, 2024, 1:00 PM* at its physical address at the *BAC Conference Office, Ground Floor Executive Building, Western Mindanao State University, Baliwasan, Zamboanga City*.

10. Opening and Preliminary Examination of Bids

18.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

18.2. The preliminary examination of Bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

11. Detailed Evaluation and Comparison of Bids

- 19.1. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all Bids rated "*passed*" using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of 2016 revised IRR of RA No. 9184.
- 19.2. If the Project allows partial bids, all Bids and combinations of Bids as indicated in the **BDS** shall be received by the same deadline and opened and evaluated simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid Security as required by **ITB** Clause 15 shall be submitted for each contract (lot) separately.
- 19.3. In all cases, the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184 must be sufficient for the total of the ABCs for all the lots participated in by the prospective Bidder.

12. Post Qualification

Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS), and other appropriate licenses and permits required by law and stated in the **BDS**.

13. Signing of the Contract

The documents required in Section 37.2 of the 2016 revised IRR of RA No. 9184 shall form part of the Contract. Additional Contract documents are indicated in the **BDS**.

Section III. Bid Data Sheet

Notes on the Bid Data Sheet (BDS)

The Bid Data Sheet (BDS) consists of provisions that supplement, amend, or specify in detail, information, or requirements included in the ITB found in Section II, which are specific to each procurement.

This Section is intended to assist the Procuring Entity in providing the specific information in relation to corresponding clauses in the ITB and has to be prepared for each specific procurement.

The Procuring Entity should specify in the BDS information and requirements specific to the circumstances of the Procuring Entity, the processing of the procurement, and the bid evaluation criteria that will apply to the Bids. In preparing the BDS, the following aspects should be checked:

- a. Information that specifies and complements provisions of the ITB must be incorporated.
- b. Amendments and/or supplements, if any, to provisions of the ITB as necessitated by the circumstances of the specific procurement, must also be incorporated.

15.1	The bid security shall be in the form of a Bid Securing Declaration or any of the following forms and amounts: a. The amount of not less than two <i>percent (2%) of ABC</i> if bid security is in cash, cashier's/manager's check, bank draft/guarantee or irrevocable letter of credit;
19.2	Partial bid is not allowed. Infrastructure project is packaged in a single lot and the lot shall not be divided into sub-lots for the purpose of bidding, evaluation, and contract award.
20	<i>PCAB License (Size Range: Small B, License Category: C & D)</i> <i>All licenses and permits relevant to the Project and the corresponding law requiring it, e.g., Environmental Compliance Certificate, Certification that the project site is not within a geohazard zone, etc.</i>
21	Additional contract documents relevant to the Project that may be required by existing laws and/or the Procuring Entity, such as construction schedule and S-curve, manpower schedule, construction methods, equipment utilization schedule, construction safety and health program approved by the DOLE, and other acceptable tools of project scheduling.

Section IV. General Conditions of Contract

Notes on the General Conditions of Contract

The General Conditions of Contract (GCC) in this Section, read in conjunction with the Special Conditions of Contract in Section V and other documents listed therein, should be a complete document expressing all the rights and obligations of the parties.

Matters governing performance of the Contractor, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are included in the GCC and Special Conditions of Contract.

Any complementary information, which may be needed, shall be introduced only through the Special Conditions of Contract.

1. **Scope of Contract**

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

2. **Sectional Completion of Works**

If sectional completion is specified in the **Special Conditions of Contract (SCC)**, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date shall apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

3. **Possession of Site**

3.1 The Procuring Entity shall give possession of all or parts of the Site to the Contractor based on the schedule of delivery indicated in the **SCC**, which corresponds to the execution of the Works. If the Contractor suffers delay or incurs cost from failure on the part of the Procuring Entity to give possession in accordance with the terms of this clause, the Procuring Entity's Representative shall give the Contractor a Contract Time Extension and certify such sum as fair to cover the cost incurred, which sum shall be paid by Procuring Entity.

3.2 If possession of a portion is not given by the above date, the Procuring Entity will be deemed to have delayed the start of the relevant activities. The resulting adjustments in contract time to address such delay may be addressed through contract extension provided under Annex "E" of the 2016 revised IRR of RA No. 9184.

4. **The Contractor's Obligations**

The Contractor shall employ the key personnel named in the Schedule of Key Personnel indicating their designation, in accordance with **ITB** Clause 10.3 and specified in the **BDS**, to carry out the supervision of the Works.

The Procuring Entity will approve any proposed replacement of key personnel only if their relevant qualifications and abilities are equal to or better than those of the personnel listed in the Schedule.

5. **Performance Security**

5.1. Within ten (10) calendar days from receipt of the Notice of Award from the Procuring Entity but in no case later than the signing of the contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR.

5.2. The Contractor, by entering into the Contract with the Procuring Entity, acknowledges the right of the Procuring Entity to institute action pursuant to RA No. 3688 against any subcontractor be they an individual, firm, partnership, corporation, or association supplying the Contractor with labor, materials and/or equipment for the performance of this Contract.

6. Site Investigation Reports

The Contractor, in preparing the Bid, shall rely on any Site Investigation Reports referred to in the **SCC** supplemented by any information obtained by the Contractor.

7. Warranty

7.1. In case the Contractor fails to undertake the repair works under Section 62.2.2 of the 2016 revised IRR, the Procuring Entity shall forfeit its performance security, subject its property(ies) to attachment or garnishment proceedings, and perpetually disqualify it from participating in any public bidding. All payables of the GOP in his favor shall be offset to recover the costs.

7.2. The warranty against Structural Defects/Failures, except that occasioned-on force majeure, shall cover the period from the date of issuance of the Certificate of Final Acceptance by the Procuring Entity. Specific duration of the warranty is found in the **SCC**.

8. Liability of the Contractor

Subject to additional provisions, if any, set forth in the **SCC**, the Contractor's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Contractor is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

9. Termination for Other Causes

Contract termination shall be initiated in case it is determined *prima facie* by the Procuring Entity that the Contractor has engaged, before, or during the implementation of the contract, in unlawful deeds and behaviors relative to contract acquisition and implementation, such as, but not limited to corrupt, fraudulent, collusive, coercive, and obstructive practices as stated in **ITB** Clause 4.

10. Dayworks

Subject to the guidelines on Variation Order in Annex "E" of the 2016 revised IRR of RA No. 9184, and if applicable as indicated in the **SCC**, the Dayworks rates in the Contractor's Bid shall be used for small additional amounts of work only when the Procuring Entity's Representative has given written instructions in advance for additional work to be paid for in that way.

11. Program of Work

11.1. The Contractor shall submit to the Procuring Entity's Representative for approval the said Program of Work showing the general methods, arrangements, order, and timing for all the activities in the Works. The submissions of the Program of Work are indicated in the **SCC**.

- 11.2. The Contractor shall submit to the Procuring Entity's Representative for approval an updated Program of Work at intervals no longer than the period stated in the **SCC**. If the Contractor does not submit an updated Program of Work within this period, the Procuring Entity's Representative may withhold the amount stated in the **SCC** from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Program of Work has been submitted.

12. Instructions, Inspections and Audits

The Contractor shall permit the GOP or the Procuring Entity to inspect the Contractor's accounts and records relating to the performance of the Contractor and to have them audited by auditors of the GOP or the Procuring Entity, as may be required.

13. Advance Payment

The Procuring Entity shall, upon a written request of the Contractor which shall be submitted as a Contract document, make an advance payment to the Contractor in an amount not exceeding fifteen percent (15%) of the total contract price, to be made in lump sum, or at the most two installments according to a schedule specified in the **SCC**, subject to the requirements in Annex "E" of the 2016 revised IRR of RA No. 9184.

14. Progress Payments

The Contractor may submit a request for payment for Work accomplished. Such requests for payment shall be verified and certified by the Procuring Entity's Representative/Project Engineer. Except as otherwise stipulated in the **SCC**, materials and equipment delivered on the site but not completely put in place shall not be included for payment.

15. Operating and Maintenance Manuals

- 15.1. If required, the Contractor will provide "as built" Drawings and/or operating and maintenance manuals as specified in the **SCC**.
- 15.2. If the Contractor does not provide the Drawings and/or manuals by the dates stated above, or they do not receive the Procuring Entity's Representative's approval, the Procuring Entity's Representative may withhold the amount stated in the **SCC** from payments due to the Contractor.

Section V. Special Conditions of Contract

Notes on the Special Conditions of Contract

Similar to the BDS, the clauses in this Section are intended to assist the Procuring Entity in providing contract-specific information in relation to corresponding clauses in the GCC found in Section IV.

The Special Conditions of Contract (SCC) complement the GCC, specifying contractual requirements linked to the special circumstances of the Procuring Entity, the Procuring Entity's country, the sector, and the Works procured. In preparing this Section, the following aspects should be checked:

- a. Information that complements provisions of the GCC must be incorporated.
- b. Amendments and/or supplements to provisions of the GCC as necessitated by the circumstances of the specific purchase, must also be incorporated.

However, no special condition which defeats or negates the general intent and purpose of the provisions of the GCC should be incorporated herein.

Special Conditions of Contract

GCC Clause	
2	<i>No further instructions</i>
4.1	The Procuring Entity shall give possession of all parts of the Site to the Contractor within one (1) day after the receipt of Notice to Proceed and Commence Work.
6	The site investigation reports are: <i>[list here the required site investigation reports.]</i>
7.2	<p><i>[Select one, delete the other.]</i></p> <p><i>[In case of permanent structures, such as buildings of types 4 and 5 as classified under the National Building Code of the Philippines and other structures made of steel, iron, or concrete which comply with relevant structural codes (e.g., DPWH Standard Specifications), such as, but not limited to, steel/concrete bridges, flyovers, aircraft movement areas, ports, dams, tunnels, filtration and treatment plants, sewerage systems, power plants, transmission and communication towers, railway system, and other similar permanent structures:]</i> Fifteen (15) years.</p> <p><i>[In case of semi-permanent structures, such as buildings of types 1, 2, and 3 as classified under the National Building Code of the Philippines, concrete/asphalt roads, concrete river control, drainage, irrigation lined canals, river landing, deep wells, rock causeway, pedestrian overpass, and other similar semi-permanent structures:]</i> Five (5) years.</p> <p><i>[In case of other structures, such as bailey and wooden bridges, shallow wells, spring developments, and other similar structures:]</i> Two (2) years.</p>
10	a. Dayworks are applicable at the rate shown in the Contractor's original Bid.
11.1	The Contractor shall submit the Program of Work to the Procuring Entity's Representative within Ten (10) days of delivery of the Notice of Award.
11.2	The amount to be withheld for late submission of an updated Program of Work is Ten Percent (10%) .
13	The amount of the advance payment is 15% upon request subject to submission to and acceptance by the PE of a letter of credit or equivalent value from a commercial bank (annex E, 4.2)
14	<i>No Further Instructions</i>
15.1	<p>The date by which operating and maintenance manuals are required is <i>within 10 (Ten) days after the Notice to Proceed and Commence Work</i></p> <p>The date by which "as built" drawings are required is at least Thirty (30) calendar days from the receipt of Completion and Turn-Over</p>
15.2	The amount to be withheld for failing to produce "as built" drawings and/or operating and maintenance manuals by the date required is Ten percent (10 %) .

Section VI. Specifications

Notes on Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Procuring Entity without qualifying or conditioning their Bids. In the context of international competitive bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of Bids be ensured, and the subsequent task of bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Works be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects are useful in this respect. The use of metric units is mandatory. Most specifications are normally written specially by the Procuring Entity or its representative to suit the Works at hand. There is no standard set of Specifications for universal application in all sectors in all regions, but there are established principles and practices, which are reflected in these PBDs.

There are considerable advantages in standardizing General Specifications for repetitive Works in recognized public sectors, such as highways, ports, railways, urban housing, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in construction, although not necessarily to be used in a particular Works Contract. Deletions or addenda should then adapt the General Specifications to the particular Works.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards or other standards, the specifications should state that goods, materials, and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the SCC.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Contract to specific standards and codes to be met by the goods and materials to be furnished, and work performed or tested, the provisions of the latest current edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national, or relate to a particular country or region, other authoritative standards that ensure a substantially equal or higher quality than the standards and codes specified will be accepted subject to the Procuring Entity's Representative's prior review and written consent. Differences between the standards specified and the proposed alternative standards shall be fully described in writing by the Contractor and submitted to the Procuring Entity's Representative at least twenty-eight (28) days prior to the date when the Contractor desires the Procuring Entity's Representative's consent. In the event the Procuring Entity's Representative determines that such proposed deviations do not ensure substantially equal or higher quality, the Contractor shall comply with the standards specified in the documents.

These notes are intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They should not be included in the final Bidding Documents.

	<p>REPUBLIC OF THE PHILIPPINES WESTERN MINDANAO STATE UNIVERSITY NORMAL ROAD, BALIWASAN, ZAMBOANGA CITY PHYSICAL PLANT AND ENGINEERING SERVICES</p>	 WMSU - PPS - PR - 007A.00 Effective Date: 08 - Sep - 2021
---	--	---

PROJECT TITLE:	REPAIR AND RENOVATION OF RESEARCH EXTENSION SERVICES AND EXTERNAL LINKAGES BUILDING (RESEL)
PROJECT LOCATION:	WMSU-MAIN CAMPUS, LOT-1 NORMAL ROAD, BALIWASAN, ZAMBOANGA CITY
PROJECT DURATION:	90 CALENDAR DAYS
SUBJECT:	SUMMARY OF WORKS, GENERAL REQUIREMENTS AND TECHNICAL SPECIFICATIONS

I. SUMMARY OF WORKS

A. INTRODUCTION

The works in this Contract for the **REPAIR AND RENOVATION OF RESEARCH EXTENSION SERVICES AND EXTERNAL LINKAGES BUILDING (RESEL)** to be located at **WMSU-MAIN CAMPUS, LOT-1 NORMAL ROAD, BALIWASAN, ZAMBOANGA CITY**. The WMSU-Physical Plant and Engineering Services shall perform the construction management services including the management of projects deliverables and all issues arising from this Contract Document.

B. NAME OF PROJECT

REPAIR AND RENOVATION OF RESEARCH EXTENSION SERVICES AND EXTERNAL LINKAGES BUILDING (RESEL) to be located at **WMSU-MAIN CAMPUS, LOT-1 NORMAL ROAD, BALIWASAN, ZAMBOANGA CITY**.

C. START AND COMPLETION OF DATES

The Contractor shall be held responsible for meeting intermediate dates as contained within the attached documents. Such dates are binding, and damages will apply to intermediate as well as end dates:

Start on Site : Based on date stipulated on Notice to Proceed

Punch listing :

All Works Complete :

Page 1 of 17

D. WORK AREAS

All works shall be done within the confine of the lot boundaries. Provides temporary work enclosures on all sides affected by building repair works. Provide appropriate announcements boards and signaga's, to include all construction permits, clearances, and duration of works.

E. SCOPE OF WORK - GENERAL

1. The drawings, technical specifications and BOQ are intended to be complementary. Anything shown on the drawings but not mentioned in the specifications and vice-versa shall be done as if were mentioned or indicated in both. Anything not expressly set forth in either but is reasonably implied or required in the process of completing any item within the scope of work shall be taken into account as though specifically mentioned or indicated in both.
2. The Contractor shall furnish all materials, labor and necessary equipment to complete the project. Construction shall be under the direct supervision of the WMSU - Physical Plant and Engineering Services.
3. Procurement of all necessary permits, licenses, inspection and other fees that may be required by the Local or National authorities shall be secured at the expense of the Contractor.
4. All changes in plans, such as addition, alteration and substitution of materials to be used shall have prior approval of the WMSU - Physical Plant and Engineering Services Director.
5. The WMSU - Physical Plant and Engineering Services shall in no way be liable for any damage/destruction of work or for the expense of replacement. The Contractor shall provide protections and be responsible for their own works at all times. Any damage in their own part shall be replaced or repaired at their own expense.
6. Unless otherwise specified, all materials shall be new and of best quality of their respective kinds of purpose.
7. Where no mention is made in this specification or in plans regarding the kind of materials, reference should be made to the WMSU - Physical Plant and Engineering Services Director as to the kind of work to which it pertains.

E.1 GENERAL REQUIREMENTS

- a. Temporary Construction Fence
- b. Project Billboard
- c. Mobilization and Demobilization

E.2 DEMOLITION / EARTH WORKS

- a. Manual Demolition/Removal of Miscellaneous Finishing & Pay Items inside structure with small tools
- b. Manual Demolition/Removal of CHB Wall Partitions with Small Tools
- c. Manual Demolition/Removal of PVC Pipes with Small Tools
- d. Removal of Toilet Fixtures
- e. Demolition/ Removal of Wood Scaffolding

E.3 PLAIN CONCRETE

- a. Construction of Lean Concrete

E.4 FORMS AND FALSEWORKS

- a. Falseworks for Building

E.5 MASONRY AND PLASTERING WORKS

- a. 4"x8"x16" CHB Non load bearing wall
- b. Cement Plaster Finish

E.6 CARPENTRY AND JOINERY WORKS

- a. Pre-Painted Metal Panel Ceiling on Metal Framing System
- b. Phenolic Compact Board Toilet Partition with U-Channel/Top Rail

E.8 DOORS

- a. Wooden Panel Door with Accessories

E.7 TILE WORKS

- a. Unglazed Ceramic Floor Tile
- b. Glazed Ceramic Wall Tiles

E.8 PAINTING WORKS

- a. Paint on Metal Surface
- b. Paint on Concrete/Masonry Surface
- c. Painting on Wood Surface

E.10 PLUMBING WORKS

- a. PPR- Pipes with Fittings
- b. PVC (Soil) Pipes with Fittings
- c. Water closet, elongated, complete accessories (Flush Type)
- d. Urinal, Single Flush, Complete accessories (Lever Arm Type)
- e. Lavatory, Wall Hung, Complete Accessories (Manually Operated)
- f. Floor Drain Plates (Stainless)
- g. Bidet
- h. Hose Bibb

E.11 AS-BUILT (RECORD) DRAWINGS AND RELATED DOCUMENTS

II. GENERAL REQUIREMENTS

The works shall be carried out according to the Technical Specifications and shall govern the methods of construction and the kind of materials to be used for the **REPAIR AND RENOVATION OF RESEARCH EXTENSION SERVICES AND EXTERNAL LINKAGES BUILDING (RESEL)** as shown in the plans and detail drawings.

The plans, detailed drawings, BOQ and this Specification, shall be considered as complementing to each other, so that what is mentioned or shown in one, although not mentioned or shown in the other, shall be considered as appearing on both. In case of discrepancy, between the Technical Specifications and Approved Detailed Drawings, the Technical Specifications shall prevail.

All works shall be carried out in coordination with carpentry, masonry, plumbing, and other building works. Materials not conforming to Specifications shall be rejected.

A. GENERAL CONDITIONS

Prior to execution of works, the Contractor shall verify the existing condition of the architectural finishes and project boundaries. The demolition of existing portion of the structure within the proposed project site is required.

B. CONTRACTOR'S OFFICE & ACCOMMODATION

Provision of Contractor's Temporary Facility is required. The structure of the building shall be adequate, rainproof, spacious, airy and hygienic with proper lightings and toilet facilities. The area shall be kept neat and clean. Any garbage or sewage shall be disposed at a location and in a manner approved by WMSU-Physical Plant and Engineering Services.

Space allocation for storage of various materials such as cement, reinforcement steel and petroleum products, etc. shall be clearly separated to avoid contamination. Petroleum products shall be stored and handled in a way that avoids contamination of ground water. Workshops shall be installed with oil and grease traps for the same purpose.

The Contractor shall provide, at its own expense, adequate temporary accommodation and toilet facilities for its own workmen and keep the same in good conditions. The Contractor shall construct suitable soak pits along with room of pit-type latrines. Sufficient water must be provided and maintained in the toilets. Proper methods of sanitation and hygiene should be employed during the whole project duration. The above-mentioned temporary structures shall be removed on the completion of the works at Contractor's own cost. All materials and labor cost shall be provided by the Contractor.

The Contractor shall provide at his own expense calibrated meters for each water and electricity connection and pay billings thereof.

C. SAFETY MEASURES

The Contractor shall be responsible for safety of all workmen and other persons entering the Works and shall be at his own expense take all measures necessary to ensure their safety. Such measures shall be subject to the approval of WMSU-Physical Plant and Engineering Services shall include but not limited to:

1. Appropriate personal protective equipment (helmet with color coded, dust mask, safety shoes, safety vest, and hand gloves for construction) must be provided and worn by workmen during workhours.
2. Provide a safety signages in all perimeter fence.
3. Provide safety and emergency regulations for fire and electric shock prevention;
4. Safe control of flowing water; and

5. Conduct regular safety meeting.

D. NOTICE BOARD

The Contractor shall erect notice board (5' x 8') at the site giving details of the Contract in the format provided by COA. It shall be removed upon receipt of Certificate of Completion.

CONSTRUCTION DURATION	:
CONTRACT AMOUNT	:
SOURCE OF FUND	:
IMPLEMENTING OFFICE	: WESTERN MINDANAO STATE UNIVERSITY
WESTERN MINDANAO STATE UNIVERSITY <small>NORMAL ROAD, BARRANGAY BALIWASAN, ZAMBOANGA CITY</small>	

E. ENVIRONMENTAL PROTECTION WORKS

The environment means surrounding area including human and natural resources to be affected by execution and after completion of works. The Contractor shall take all precautions for safeguarding the environment during the course of construction of the works. He shall abide by all prevalent laws, rules and regulations governing pollution and environmental protection. The Contractor shall prohibit employees from cutting trees and the former shall be the responsible for the action of the latter.

Waste materials must be collected, stored, and transported to approved dump / disposal area.

The WMSU-Physical Plant and Engineering Services shall have the power to disallow the method of construction and / or the use of any borrow / quarry area, if the stability and safety of the works or any adjacent structure will be compromised, or there is undue interference with the natural or artificial drainage, or the method or use of the area will promote undue erosion.

F. MATERIALS AND WORKMANSHIP

All materials and equipment used in the Works shall be new and best in quality, design and performance. All materials used shall be of the quality specified and where not specified shall be in accordance with the relevant Standards Acceptable by the University Architect or the Physical Plant and Engineering Services Director.

All materials and work necessary for the efficient functioning of the installation shall be provided even if not explicitly mentioned in the Contract Documents.

All works shall be carried out to the best engineering practice by fully competent tradesmen.

G. VARIATION ORDERS

A Change Order may be issued by Physical Plant and Engineering Services to cover any increase/decrease in quantities of original work item in the contract.

An Extra Work Order may be issued by Physical Plant and Engineering Services to cover the introduction of new work necessary for the completion, improvement or protection of the project which was not included as items of work in the original contract, such as, where there are subsurface or latent physical conditions at the site differing materially from those indicated in the contract, or where there are duly unknown physical conditions at the site of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in the work or character provided for in the contract.

In Under no circumstances shall contractor proceed to commence work under any Change Order or Extra Work Order unless it has been approved by the Director of the Physical Plant and Engineering Services or his duly authorized representative.

H. DELAYS

In the event the Contractor falls behind the Project Schedule, then he may be required to accelerate his work. In such cases, the Contractor shall immediately apply appropriate extra resources at his own expense until such time as the schedule slippage has been recovered.

- I. No pouring of concrete or covering or smooth surface shall be done by the contractor unless the bearing surfaces has been inspected and approved by the Technical Inspection Committee or Physical Plant and Engineering Services, and the authority to proceed has been received by the Contractor.

J. SITE DIARY OR MANUAL FIELD / LOGBOOK

The Contractor shall keep Site Diary or Manual Field Book wherein full details of the work carried out during each day shall be fully recorded. The Site Diary or Manual Field Book shall be available for inspection by the WMSU-Physical Plant and Engineering Services anytime during normal office hours. It shall include:

1. Project Name;
2. Contractor's Name;
3. Contractor's Representative;
4. Weather Conditions, rainfall, and water level (indicate "NO WORK" if unworkable days)
5. Description, quality, and location of work performed;
6. Shift and working hours;
7. Number and category of workers working at the site;
8. Test carried out and results;
9. Inspection carried out by WMSU-PPES;
10. Problems or abnormal occurrence;
11. DEFECTIVE / Non-Compliant Work & Corrective Action.
12. Site Instructions;
13. Visitors; and
14. Accidents (if any)

III. TECHNICAL SPECIFICATIONS

A. GENERAL REQUIREMENTS

A-1. Temporary Construction Fence

1. The Contractor shall provide temporary construction fence constructed using 8ft wide Laminated Blue/Orange Sheet stapled or nailed in coco lumber at every 1.2 meters distance, 2 meters offset from the construction site and a minimum height of 2.4 meters.
2. The contractor, upon completion of work, shall remove the temporary construction fence and all temporary facilities and clear the site acceptable to the procuring entity.

A-II. Project Billboard

- The Contractor shall erect a (6' x 6') notice board at the project site, giving details of the Contract in the format provided by the Commission on Audit (COA). The said project billboard will be removed only upon receipt of Certificate of Completion.

DATE STARTED
CONSTRUCTION COMPLETION DATE
CONSTRUCTION DURATION
CONTRACT AMOUNT
SOURCE OF FUND
IMPLEMENTING OFFICE	: WESTERN MINDANO STATE UNIVERSITY

WESTERN MINDANAO STATE UNIVERSITY
 NORMAL ROAD, BARANGAY BALIWASAN, ZAMBOANGA CITY

A-III. Occupational Safety and Health Program

- The Contractor shall be responsible for safety of all workmen and other persons entering the project site and shall be all at his own expense to take all necessary measures to ensure their safety.
- All Safety Measures to be taken shall be subjected to the approval of the WMSU-Physical Plant and Engineering Services Director and shall include but not limited to the following:
 - Appropriate Personal Protective Equipment such as hard hats, dusk mask, safety shoes, reflectorized vest, hand gloves and the like shall be provided and worn by all workmen on site;
 - First Aid Cabinet must be fully equipped and readily available for treatment of sickness and/or injuries;
 - Provide Safety emergency regulations for fire and electric shock preventions;
 - Safe control of flowing water, and
 - Conduct regular safety meeting.

A-IV, Mobilization and Demobilization

1. The work shall consist of the mobilization and demobilization of the contractor's forces and equipment necessary for performing the work required under the contract.
2. Mobilization shall include all activities and associated costs for transportation of Contractor's personnel, equipment, and operating supplies to the site, building; and other necessary general facilities for the contractor's operation at the site.
3. Demobilization shall include all activities and costs for the transportation of personnel, equipment and supplies not required or included in the contract from the site; including the disassembly, removal and site cleanup, of offices, buildings and other facilities assembled on the site specifically for this project.
4. This work includes mobilization and demobilization required at the time of award.
5. If additional mobilization and demobilization activities and costs are required during the performance of the contract as result of changed, deleted or added items of work for which the Contractor is entitled to an adjustment in contract price, compensation for such cost will be included in the price adjustment for the item or items of work changed or added.

B. DEMOLITION / EARTH WORKS

BJ Demolition Removal of Concrete Structures with Small Tools

1. Works in this item herein include the removal of existing Ceiling, CHB Partition, Toilet Fixtures, and Plumbing Roughing-ins, including handling, sawing, piling, and disposing of the cleared materials with all leads and lifts.
2. Materials obtained from the scope of demolition and removal of items inside the structure shall be properly turned over WMSU-Property Management Office (PMO) for assessment. Demolished materials assessed by PMO for discarding shall be disposed of by the Contractor.
3. Buring of demolished or any unwanted materials shall not be allowed inside the perimeter of the campus.

C. FALSEWORKS FOR BUILDING

D-I. Building Falseworks for Building (Scaffolding for Painting Works)

1. All forms shall be designed by the Contractor for a safe construction activity and installed to dimensions shown on the Drawings.
2. All materials for formworks shall be durable and free from warps, disintegration and shall produce a neat surface upon stripping.

3. All joints shall be new and passed in the ASTM standard.
4. All Formworks shall be carefully removed without shock or disturbance to the concrete.
5. No formworks shall be removed until the paint has attained sufficient curing time.
6. Use of OD 48.6mm x 6.0m G.I Pipe in a good condition of a material.
7. Use of 4mm x 2" G.I Coupling in a good condition of a material.

D. MASONRY AND PLASTERING WORKS

E-1. 4"x8"x16" Concrete Hollow Block (CHB) - Non-Load Bearing Wall

The concrete masonry contractor shall examine all the drawings, specifications and all conditions that has relations and may affect his work and performance in the execution of the Contract.

Where any deviation from the Plans and Specifications is to be made, the Physical Plant and Engineering Services shall be notified, and his written approval shall be obtained before proceeding with the work.

1. All new CHB reinforcing bars must be properly anchored/attached to the reinforcing bars of the existing CHB walls. Adequate timer bars of size & length shall be provided within the new openings as indicated in drawings.
2. Deliver to site CHB units undamaged and free from breakage to edges or corners.
3. Concrete hollow block units shall be nominal 4"thick x 8" x16" non load bearing wall (as indicated in plan) stretcherblocks, all cells grouted with steel reinforcements shown on Drawings, (350mm) psi when tested to applicable ASTM Standards and Industry norms.
4. Erect CHB units to plumb and true to alignment within acceptable tolerance.
5. Mix proportion for grouting and setting bed shall be 1: 4 (Cement: sand), maximum proportion. The Contractor shall make necessary adjustments to suit project requirements without extra cost to the Company.
6. Damaged unit masonry shall not be used.
7. The Contractor shall provide and maintain extra units or numbers at site without extra cost to WMSU-Physical Plant and Engineering Services Office.
8. All masonry units and associated materials shall satisfy test requirements of ASTM C190, C146, non- load bearing test.
9. Install all CHB based on anchorage details as shown in drawings.
10. Interior walls shall be of Smooth Plain Cement Plaster finish unless otherwise specified in the plans.

E-II. Cement Plaster Finish

1. All surfaces to be rendered or cement plastered shall be clean from any loose material or contamination to provide strong bond between plaster and the surface.
2. Mix proportion shall not be less than 1 part of cement to 3 parts of screened sand. Necessary adjustments shall be made to provide a strong and consistent mix, free from cracking due to rapid hydration of plaster mix.
3. Before plastering the CHB wall, apply the mortar with potable and clean water.
4. After plastering, the plastered wall finish should be kept damp at least once a day.
5. Tampering of previously mix concrete will not be permitted.
6. All surfaces to receive paint finish shall be smooth whilst surfaces to receive tiles shall be rough to provide better adhesion or bond.
7. Water shall be potable and clean.
8. The surface of the wall must be Smooth Concrete Plastered Finished.

E. CARPENTRY AND JOINERY WORKS

F-L. Installation of Pre-painted Metal Panel Ceiling on Metal Framing System

The work to be done under this item consists of furnishing all required materials, fabricated woodwork, tools equipment and labor performing all operation necessary for the satisfactory completion of all carpentry and joinery works in strict accord with applicable drawing, details, and this specification.

1. Works herein include supply and installation of 0.4mm thick x 165mm x 6m Metal Panel Spandrel Ceiling on 0.40mm thick x 19mm x 50mm metal framing system. All materials to be used herein shall be free of cracks, dents, and other imperfections.
2. Fiber cement boards shall be riveted by 1/8" Ø x 1/2" blind rivet to 0.40 mm thick x 1/2" x 2 metal furring, spaced at 0.60m both ways.
3. Metal furring ceiling joist shall have adequate hangers and carrying metal runners to stay in perfect line and level.
4. Prior to enclosure of ceiling, all dimensions, alignment of metal frames, material specifications, electrical and auxiliary rough ins, carrying metal runners shall be checked to comply with standard installation requirements.

F-III. Phenolic Compact Board Toilet Partition with U-Channel/Top Rail

1. Works herein shall include supply and installation of 18mm thick x 1200mm x 1500mm Phenolic Compact Board and all accessories are included in fabrication of wall partition. (To architect's approval)
2. 2mm thick x 40mm x 45mm stainless steel 304 bracket bathroom toilet partition.

F. WOODEN DOOR WITH COMPLETE ACCESSORIES

G-I. Fabrication, Supply, and Installation of Panel Door with complete Accessories

1. This work item includes fabrication or supply and delivery of all Flush Door and Panel with complete accessories.
2. Furnish all materials and labor, use of tools for the fabrication, delivery, and installation of doors as shown on drawings and herein specified.
3. Door, jambs, and panels shall be of standard size and thickness, unless otherwise specified in plans/drawings.
4. Use wooden door panel with wooden door jamb, kiln dried and treated with a measurement of 0.80m x 2.10m and 0.60m x 2.10m Kiln Dried Wooden Panel Door with Wood Jamb with Matte SS 304 Door Lock Lever Type (ANSI Grade 2 Heavy Duty) with complete accessories.
5. All solid wooden doors shall be kiln dried and treated. Doors should have heavy duty lever type door knobs.
6. Provision for locksets, door keys, and hinge that is completely operational.
7. The frames shall be plumb-set and squared in the frames working of walls or building partitions. Door locks shall be filed at the lock block, 100mm above the finished floor level.
8. Locks shall be installed in conformity with the templates and instructions supplied with the locksets.
9. The contractor shall submit sample cross sections of door and window frames to be installed to the WMSU-Physical Plant and Engineering Services (PPES) or to the University Architect (OUA) for approval. Fabricated doors and shutter shall be finished square, smoothly sanded, and free from damage or dent.
10. Deliver all doors and windows free from any damage. Store materials to avoid contamination from soil or unwanted materials.

G. TILE WORKS

H-I. Installation of Tiles including Tile Adhesive

1. Works herein shall include supply and placing of glazed ceramic tiles as indicated in the plans and drawings.

2. The surface where the tile is laid must be level, true to elevation, dry and free from oil and other sediments.
3. Allow at least 7 days curing of the scratch coat and setting bed.
4. Tiles should be purchased in one batch to be able to achieve the consistency and uniformity in color, texture, and quality.
5. Floor tiles shall be finished with 6mm thick x 600mm x 600mm Ceramic Unglazed Tiles (To architect's approval)
6. Wall tiles shall be finished with 6mm thick x 300mm x 600mm Ceramic Glazed Tiles (To architect's approval)
7. The contractor shall submit sample of tiles to the WMSU-Physical Plant and Engineering Services for approval of type, quality and color.
8. All materials to be used herein shall be brand new and have passed the Philippine Standard material quality control requirements. It shall have cast, stamp, or indelible marks on it like manufacturer's trademarks or names, weight, type, or classes of products when required.
9. Before the tiles are placed, the surfaced shall be brushed, cleaned and wetted. The surface shall be tested for levelness or conformity of slope by flooding it with water.
10. Tiles shall be installed by applying heavy duty adhesive to backs of tile and firmly pressing tile into the floating coat to true plane and position.
11. Joints shall be maintained uniformly wide by signing spacer lugs on tile edges. All joint lines shall be kept straight and true to profiles, plumbed and internal corners rounded using the appropriate tools.
12. All tile work finishing shall be adequately protected from damage during the progress of construction. Chipped, cracked, or broken tile shall not be used, and all defective work shall be replaced and repaired to the approval of the WMSU-Physical Plant and Engineering Services at Contractor's expense.

H. PAINTING WORKS

1. Painting works shall be as indicated on Drawings and described in the Bill of Quantities. Includes substrate preparation, application of neutralizers, putty, sanding, cleaning, protection, etc. to provide a strong or durable paint coating, following manufacturer's written instructions and acceptable trade practices.
2. Before repainting of roof, all existing roof holes to be sealed with roof sealant prior to repainting
3. Provide materials that are suitable for the job and or type of construction.
4. Paint materials shall be of the brand specified herein or approved equal by the Physical plant and Engineering Services

Director.

5. Examine substrate and conditions under which painting will be performed. Proceed with the work only when conditions are satisfactory.
6. Do not paint over dirt, rust, scale, grease, moisture, scaffold surfaces, or conditions otherwise detrimental to formation of a durable paint film.
7. Clean surfaces to be painted before applying paint or surface treatments. Remove oil and grease prior to mechanical cleaning. Program cleaning and painting so that contaminants from cleaning process will not fall into wet, newly-painted surfaces.
8. Perform preparation and cleaning procedures in accordance with paint manufacturer's instructions and as herein specified, for each particular substrate condition.

I. PLUMBING WORKS

1. All plumbing works included herein shall be executed according to the requirements of the National Plumbing Code of the Philippines, and the Rules and Regulations of the Local Municipality (Zamboanga Water District)
2. Read the drawing in connection with other related drawing and specifications. The Physical Plant and Engineering Services director and Master Plumber shall be notified immediately of any discrepancy found therein.
3. Use of Elongated Dual-Flush Water Closet with complete accessories.
4. Use of 400mm x 330mm 185mm Wall hung Lavatory with heavy duty Faucet with Complete Accessories for the comfort rooms.
5. Use of 680mm x 240mm x340mm Wall mount urinal with lever type, single flush.
6. Use of 3mm thick x 100mm x 100mm MATT round stainless steel Floor Drain.
7. For faucets, use 1/2"-dia Heavy Duty Stainless Steel 304 Wall Mount Single Lever Faucet Tap (for washing).
8. The bidet fixture shall be high-quality, water efficient, heavy duty and suitable for the purpose that it will serve. It shall be installed securely, ensuring stability and proper functionality.
9. The contractor shall determine the actual location depth and invert discrepancy of all existing pipe and structures to conform with the proposed sanitary utilities.
10. The location of pipes can be transferred whenever required for proper execution of other trades or condition that such changes of locations meet the requirements.
11. All slopes for horizontal branches shall maintain 1-1/2% as minimum unless noted otherwise.

12. Unless otherwise indicated, all fixtures shall be vented.
13. Size of water supply pipes to fixtures shall be in accordance with the manufacturer's instructions.
14. Unless otherwise specified, all sewer and vent pipes shall be PVC pipes.
15. Provide clean out @ every 15 meters horizontal run as indicated in the plan.
16. Provide a 1/2" Ø gate valve for each toilet and place it in a publicly accessible area.
17. All sewer pipes must be taped to the existing septic vault.
18. Use 1/2" Ø PPR pipe PN-20 for water supply.
19. For water closet, lavatory and sink must provide 4" Ø PVC S-1000 pipe for ventilation.
20. After plumbing works are completed, the contractor is advised to conduct a water test with the Technical Inspection Committee and Physical Plant Engineering Services to ensure that the system is functioning correctly and there are no leaks. The water test should be conducted before any finishes are applied such as tiling or sealing walls, to allow easy access for any necessary repairs or adjustments.
21. The final water test should be conducted by the contractor and the Technical Inspection Committee and Physical Plant Engineering Services after all the plumbing works and finishes are complete.

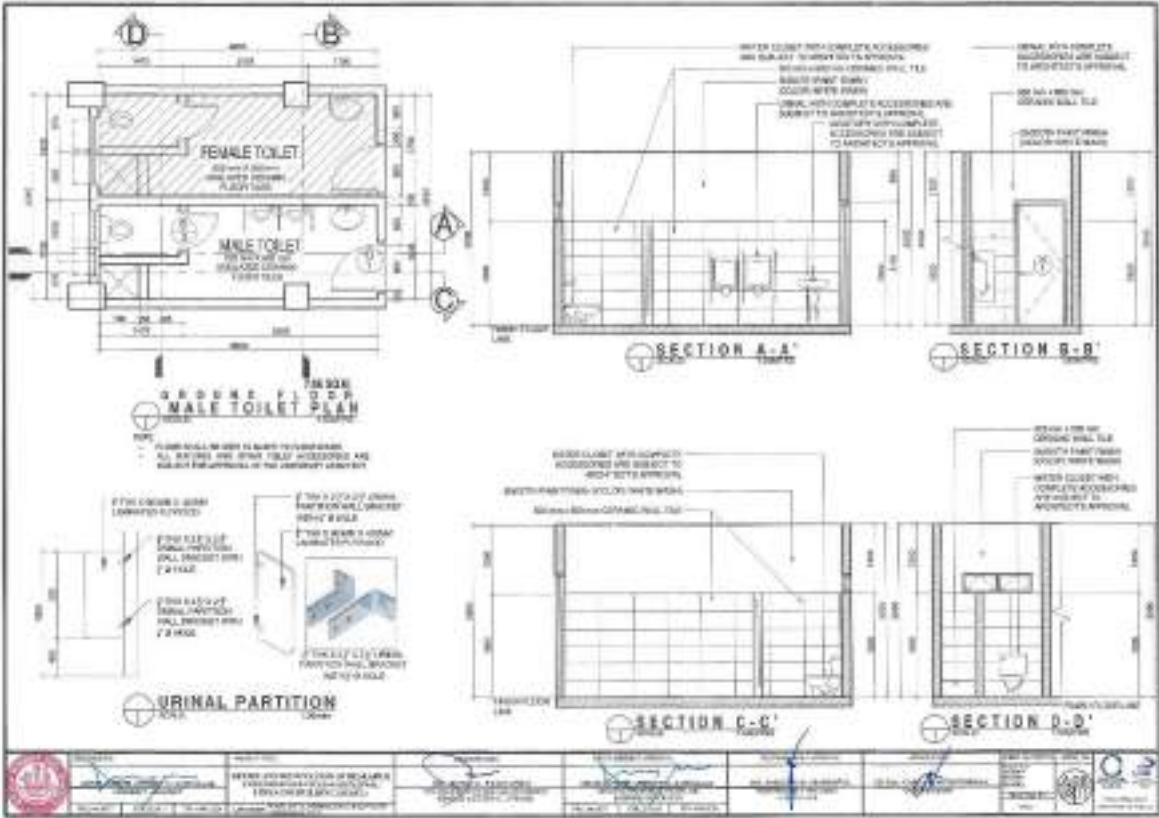

J. AS-BUILT (RECORD) DRAWINGS AND RELATED DOCUMENTS

1. The Contractor shall maintain a neat and accurately marked set of As-Built Drawings which shall be provided to WMSU-Physical Plant and Engineering Services for review and approval prior to final acceptance of the Work.
2. The As-Built Drawings shall represent the Work as constructed and document changes to the Work shown on the Project Plans, and shall show the actual as-constructed conditions of installed or modified systems, equipment, and material.
3. The As-Built (Record) Drawings shall show, by field measured dimensions, the exact locations of all underground work, including all piping and components, and the final elevations and locations of all improvements constructed, modified or adjusted.
4. Record drawings shall be available for inspection by the agency at all times and shall be updated at least weekly with all Field or Site Instructions and other written directives, Contract Change Orders, and Contract adjustments shown thereon and initialed by the Agency. Progress payments or portions thereof may be withheld if As-built Drawings are not kept up to date.
5. Unless otherwise specified in the Special Provisions, the Contractor shall submit two (2) sets of As-Built Drawings to WMSU-Physical Plant and Engineering Services at the final inspection. These As-Built Drawings shall include

Section VII. Drawings

GENERAL NOTES:

1. ALL PLUMBING WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
2. VERIFY THE EXISTING AND PROPOSED CONDITIONS AS SHOWN ON THESE PLANS. REPORT ANY DISCREPANCIES TO THE ARCHITECT IMMEDIATELY UPON DISCOVERY.
3. THE CONTRACTOR SHALL VERIFY THE ACTUAL LOCATION, DEPTH & SPACING OF ALL EXISTING UTILITY UTILITIES TO VERIFY WITH THE PROPOSED SANITARY SYSTEMS.
4. THE CONTRACTOR SHALL VERIFY THE LOCATION OF ALL EXISTING AND PROPOSED UTILITY UTILITIES TO VERIFY WITH THE PROPOSED SANITARY SYSTEMS.
5. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
6. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
7. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
8. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
9. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
10. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
11. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
12. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
13. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
14. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
15. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
16. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
17. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
18. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
19. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.
20. ALL WORK SHALL BE PERFORMED IN ACCORDANCE WITH THE CITY OF LOS ANGELES PLUMBING REGULATIONS, THE NATIONAL PLUMBING CODE, AND THE RULES & REGULATIONS OF THE LOCAL MUNICIPALITY.

MASTER DEVELOPMENT PLAN

Section VIII. Bill of Quantities

Notes on the Bill of Quantities

Objectives

The objectives of the Bill of Quantities are:

- a. to provide sufficient information on the quantities of Works to be performed to enable Bids to be prepared efficiently and accurately; and
- b. when a Contract has been entered into, to provide a priced Bill of Quantities for use in the periodic valuation of Works executed.

In order to attain these objectives, Works should be itemized in the Bill of Quantities in sufficient detail to distinguish between the different classes of Works, or between Works of the same nature carried out in different locations or in other circumstances which may give rise to different considerations of cost. Consistent with these requirements, the layout and content of the Bill of Quantities should be as simple and brief as possible.

Daywork Schedule

A Daywork Schedule should be included only if the probability of unforeseen work, outside the items included in the Bill of Quantities, is high. To facilitate checking by the Entity of the realism of rates quoted by the Bidders, the Daywork Schedule should normally comprise the following:

- a. A list of the various classes of labor, materials, and Constructional Plant for which basic daywork rates or prices are to be inserted by the Bidder, together with a statement of the conditions under which the Contractor will be paid for work executed on a daywork basis.
- b. Nominal quantities for each item of Daywork, to be priced by each Bidder at Daywork rates as Bid. The rate to be entered by the Bidder against each basic Daywork item should include the Contractor's profit, overheads, supervision, and other charges.

Provisional Sums

A general provision for physical contingencies (quantity overruns) may be made by including a provisional sum in the Summary Bill of Quantities. Similarly, a contingency allowance for possible price increases should be provided as a provisional sum in the Summary Bill of Quantities. The inclusion of such provisional sums often facilitates budgetary approval by avoiding the need to request periodic supplementary approvals as the future need arises. Where such provisional sums or contingency allowances are used, the SCC should state the manner in which they will be used, and under whose authority (usually the Procuring Entity's Representative's).

The estimated cost of specialized work to be carried out, or of special goods to be supplied, by other contractors should be indicated in the relevant part of the Bill of Quantities as a particular provisional sum with an appropriate brief description. A separate procurement procedure is normally carried out by the Procuring Entity to select such specialized contractors. To provide an element of competition among the Bidders in respect of any facilities, amenities, attendance, etc., to be provided by the successful Bidder as prime

Contractor for the use and convenience of the specialist contractors, each related provisional sum should be followed by an item in the Bill of Quantities inviting the Bidder to quote a sum for such amenities, facilities, attendance, etc.

Signature Box

A signature box shall be added at the bottom of each page of the Bill of Quantities where the authorized representative of the Bidder shall affix his signature. Failure of the authorized representative to sign each and every page of the Bill of Quantities shall be a cause for rejection of his bid.

These Notes for Preparing a Bill of Quantities are intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They should not be included in the final documents.

Section IX. Checklist of Technical and Financial Documents

Notes on the Checklist of Technical and Financial Documents

The prescribed documents in the checklist are mandatory to be submitted in the Bid, but shall be subject to the following:

- a. GPPB Resolution No. 09-2020 on the efficient procurement measures during a State of Calamity or other similar issuances that shall allow the use of alternate documents in lieu of the mandated requirements; or
- b. any subsequent GPPB issuances adjusting the documentary requirements after the effectivity of the adoption of the PBDs.

The BAC shall be checking the submitted documents of each Bidder against this checklist to ascertain if they are all present, using a non-discretionary “pass/fail” criterion pursuant to Section 30 of the 2016 revised IRR of RA No. 9184.

Checklist of Technical and Financial Documents

I. TECHNICAL COMPONENT ENVELOPE

Class "A" Documents

Legal Documents

- (a) Valid PhilGEPS Registration Certificate (Platinum Membership) (all pages) in accordance with Section 8.5.2 of the IRR;

Technical Documents

- (b) Statement of the prospective bidder of all its ongoing government and private contracts, including contracts awarded but not yet started, if any, whether similar or not similar in nature and complexity to the contract to be bid; **and**
- (c) Statement of the bidder's Single Largest Completed Contract (SLCC) similar to the contract to be bid, except under conditions provided under the rules; **and**
- (d) Special PCAB License in case of Joint Ventures **and** registration for the type and cost of the contract to be bid; **and**
- (e) Original copy of Bid Security. If in the form of a Surety Bond, submit also a certification issued by the Insurance Commission **or** original copy of Notarized Bid Securing Declaration; **and**
- (f) Project Requirements, which shall include the following:
- a. Organizational chart for the contract to be bid;
 - b. List of contractor's key personnel (*e.g.*, Project Manager, Project Engineers, Materials Engineers, and Foremen), to be assigned to the contract to be bid, with their complete qualification and experience data;
 - c. List of contractor's major equipment units, which are owned, leased, and/or under purchase agreements, supported by proof of ownership or certification of availability of equipment from the equipment lessor/vendor for the duration of the project, as the case may be; **and**
- (g) Original duly signed Omnibus Sworn Statement (OSS) **and** if applicable, Original Notarized Secretary's Certificate in case of a corporation, partnership, or cooperative; or Original Special Power of Attorney of all members of the joint venture giving full power and authority to its officer to sign the OSS and do acts to represent the Bidder.

Financial Documents

- (h) The prospective bidder's computation of Net Financial Contracting Capacity (NFCC).

Class "B" Documents

- (i) If applicable, duly signed joint venture agreement (JVA) in accordance with RA No. 4566 and its IRR in case the joint venture is already in existence **or** duly notarized statements from all the potential joint venture partners stating that they will enter into and abide by the provisions of the JVA in the instance that the bid is successful.

II. FINANCIAL COMPONENT ENVELOPE

- (j) Original of duly signed and accomplished Financial Bid Form; **and**

Other documentary requirements under RA No. 9184

- (k) Original of duly signed Bid Prices in the Bill of Quantities; **and**
- (l) Duly accomplished Detailed Estimates Form, including a summary sheet indicating the unit prices of construction materials, labor rates, and equipment rentals used in coming up with the Bid; **and**
- (m) Cash Flow by Quarter.
